Job Summary

METRO is looking for an enthusiastic and able individual to develop, facilitate and monitor METRO’s HIV support groups in South London. The post will sit within METRO’s Peer Support Services department, part of the METRO HIV Domain. The domain provides free, non-judgmental and confidential support for people living with HIV from different communities in London within a one to one and group setting.

The post holder will coordinate support group and social activities for people most affected by HIV, e.g. for men who have sex with men (MSM) and other BME (Black and Minority Ethnic) groups.

The post will do one to one assessments of METRO’s service users and engage them with a wide range of HIV Support Services, including support groups, sexual health /harm reduction interventions, social meetings, and activities. The post will run two monthly MSM groups, a weekly hub for people living with HIV from different communities, a monthly wellbeing group and will support the development of a separate group for women with HIV.

METRO’s HIV support groups aim to increase clients self-esteem, ability to manage their diagnosis and lead healthy productive lives, as well as fight isolation and stigma in the communities involved. The post-holder will assist the HIV Peer Support Manager in strengthening relationships with clinical sites and other support providers around London.
